## Limitations

The scope of my research is narrow, as White Settlement ISD only represents a single account of the application of CTE in Texas districts. With access to greater resources, time, and connections, I would pursue a more comprehensive comparative analysis of Texas CTE and the Australian equivalents.

## Notes

\*The proposed revisions to this graphic only pertain to the section displaying high education and beyond. I have omitted the lower section of the original figure for concision.

## Acknowledgments

Acknowledgment of Country: I acknowledge the Traditional Owners of Country throughout Australia. I pay my respects to Elders past and present. I recognize the First Peoples of Australia and their ongoing connection to culture and country.

Thank you to Maggie Howard for opening her door to my many questions and inquisitions concerning Texas CTE.

Thank you to Ruby Larsen for rekindling an old friendship and providing insight surrounding Australian secondary school vocational programs.

Thank you to Curby Alexander for serving not only as my faculty advisor throughout the research process but also as a lifelong mentor.
